*Opening Bid:* \$25 per person *Estimated Retail Value:* \$25 *Offered to* **2** bidders

---

E13 **House concert feat. Scotland's own Ian McAllister** Anonymous Donor

Ian McAllister grew up in the outer Hebrides of Scotland's rural and rocky west coast, the ancient seat of the McAllister clan. The root of his family name comes from the given name Alexander, originally derived from Greek, which means defender of men. In the late 11th century, Queen Margaret introduced the name to Scotland, naming one of her sons Alexander, having learned of it in the Hungarian Court where she was raised. The name carries on.

Folk singer Ian McAllister is on tour in the states until the end of 2010. To accommodate the highest bidder of this item, Ian will show up, alone, with his acoustic guitar, at any location you desire, including your house - this, provided said location is in any county where a member of UUCH resides - and perform a selection of five original compositions from his repertoire, live! (McAllister may also perform songs written by other composers.).

- 1) Sailor's song (Mar an ceudna fear-ciùil)
- 2) A stone, a leaf, a door (Doin' nothin' [Mo artan, mo duilleag, mo dhorais])
- 3) What shall we call her? (Child of my tongue)
- 4) The bells all whistle (No love for thee)
- 5) "Sooner"

House concert can be arrange however highest bidder likes: 1) Highest bidder can invite friends to house concert for free, or 2) Highest bidder can invite friends and charge a small fee with proceeds then being donated to UUCH.

Date of event to be worked out between highest bidder and donor (identity of latter revealed to highest bidder). All costs and expenses (lodging, meals and transportation for McAllister), including airfare, provided by the anonymous donor.

Though McAllister talks funny, he sings - in English - with hardly a touch of accent (sort of like a Scottish version of Jim Nabors). Come enjoy this special evening!

*Opening Bid:* \$50
